

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a strong tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sufficient cause to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advt.

ALIMONY CLUB GETS NEW SET OF DISHES FROM THE SHERIFF

New Steward's Heart Is Touched by the Meagre Table Furnishings.

The solitary of a tableware is quite a useful place. When the Sheriff shows his face.

They didn't know he was coming, so perhaps that's why Sheriff David H. Knott caught the members of the exclusive Alimony Club in their working clothes to-day in anticipation of regular Hooverized fare devoured in characteristic catch-as-catch-can style. Anyway, when Landlord Dave pulled up in front of the Ludlow Street Jail, the sounds emanating from his enclosed benzine carryall sent all hands scampering toward the scullery with three speeds forward and the reverse jammed tight.

When Landlord Dave, the smiling Sheriff, undertook to polish the badge of the Sheriff of New York County, he was already collecting rents from eleven hostesses; so, no sooner had he sworn the oath of a good Sheriff, than he adopted the Alimony Club and

BEAUTY DOCTOR TELLS SECRET

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Make It Soft and Glossy.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Any one can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 1/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is not sticky or greasy and does not rub off.—Advt.

spread cheer among the voluntary members by proclaiming white men's fare as their official diet in the future.

And it was thus that Landlord Dave dropped in at noon to-day to see how well the printer had struck off the new menus. In the past, no Sheriff ever deigned to sponser a meal from the county at the club where wedding bells sound like an approaching "Mother Hubbard" to a man tied to the tracks. But, anyway, Landlord Dave soon discovered that the printer of the new menus employs an efficient proofreader.

When all hands were seated at the table, some faces were marked by lean and hungry looks, and all eyes looked appealingly toward Landlord Dave. With a brief sweeping glance across the doubtfully white spread the Sheriff detected an acute shortage of china and cutlery. A perfect luncheon set decorated his own place at the board, but he quickly passed these over to a poor sufferer and then reviewed the situation.

Landlord Dave counted just twenty-seven noses, according to true hotel fashion. Then he tackled the mathematical brain buster of filling twenty-seven eager right hands with the seventeen available knives. And he was still figuring when the chef brought in the ice cream and cake. The board was also conspicuous for the number of unmarried cups and saucers which it shamelessly displayed in all kinds of compromising positions. Some right hands with glasses were as rugged as the Matterhorn, while the plates all betrayed sundry effects of unexpected gravitation.

BAKERS ARE URGED TO USE ONLY MIXED FLOUR IN BREAD

Requested to Put at Least Ten Per Cent. of Other Cereal Than Wheat.

An appeal to bakers to begin at once to substitute about 10 per cent. of other cereals for flour, and gradually increase this to 20 per cent., has been issued by George A. Zabriske, Chief of Flour Distribution, Federal Food Administration, who also urges housewives to employ substitutes for flour whenever possible.

At the same time F. C. Walcott, personal representative of Administrator Hoover, also issued a statement urging housewives to help, as the United States must now provide for 60 to 70 per cent. of the civilian population of France.

Mr. Zabriske said that the 90,000,000 more bushels of wheat to be exported meant that American consumers must use 30 per cent. less than usual. Consumers are asked to eat rye, barley and rice flour and cornmeal.

Zabriske suggested the use of oatmeal as an important adjunct to flour, and also called attention to the large supplies of white potatoes on hand.

Food Administrator Williams expressed approval of the bills in Congress to give the Food Administration authority to compel the observance of meatless and wheatless days.

Mr. Williams insisted that hotel proprietors and restaurateurs who observe the "less" days should not be penalized in favor of those who don't. He again urged patriotic citizens not to patronize places which violate the rule, and said his inspectors would investigate restaurants in the vicinity of East Fifty-ninth Street on the complaint of a woman restaurant keeper in that district.

Don't Let Soap Spoil Your Hair. When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advt.

5,000 JEWS STRAND IN ORIENT

On Way From Russia to America—Their Condition Appalling.

Five thousand Jewish immigrants, chiefly women and children, on their way from Russia to America, are stranded between Harbin, Manchuria and Yokohama, Japan, and are in an

appalling condition, according to a telegram received by the Hebrew Sheltering and Immigrant Aid Society from Samuel Mason, who went to the Far East to investigate the condition of the Jews.

Mr. Mason's cable, which came through the State Department, contains a long list of relatives in the United States to whom the emigrants prior to his arrival had sent requests for funds to which he replied had been received. The Aid Society is endeavoring to locate these relatives so that immediate relief may be sent to those in Japan.

Jury Disagrees in Case of Minister

Assessed of Sedition.

BRATTLEBORO, Vt., Jan. 15.—The jury in the trial of Rev. Clarence F. Waldron, a Baptist clergyman of Windham, charged with sedition, was dismissed by Federal Judge Howe to-day after deliberating twenty-four hours without reaching a verdict. The case will be tried again at Burlington on Feb. 25. It is alleged that Waldron urged young men to resist the draft and had made statements from the pulpit and elsewhere detrimental to the Government. He denied the charges.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—stiff headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them 10c and 25c per box. All druggists.—Advt.
